## professional business audits

End-to-end review of all business operations in order to give you an impartial analysis of your business and the solutions to remedy any non-compliance areas. Silverside Consulting + Creative will design a tailored checklist, specific to your industry thus giving you a 360 degree view of your business.

### what is included:

- Comprehensive on-site audit of your business
- Tailored checklist to your industry and your specific policies - 100+ touchpoints
- Secret shop
- High level presentation for owners / Detailed e-book with audit results
- Recommended solutions for out of compliance areas
- Detailed recommendations for remedying problem areas
- Targeted Employee Training recommendations
- Brand image & online presence review

### the importance of auditing your business' operations:

- Identify areas of revenue lost and/ or cost savings
- Protect your business from liabilities and losses before they happen
- Uncover customer experience gaps
- Identify employee engagement and training opportunities

### ideal for:

New Business Owners | Under New Management | Absentee Owned Business | Multiple Locations
